LAWYER BAILEY IS SLAIN

Prominent Cynthiana Attorney
Meets Instant Death at the
Hands of Newt Arnold

SLAYER LIVED IN BOURBON

Killing Result of Effort to Collect
on Note, Takes Place on a
Crowded Street

As a result of a difficulty which took place on the Main street in Cynthiana yesterday afternoon, Harry Bailey, a prominent young lawyer of that city, was shot and almost instantly killed by Newton Arnold, of Bourbon county. The trouble, it is said, was the outcome of a feeling that has existed between the two men for about a month, which was the result of a writ of attachment entered against Arnold by Bailey in the Bourbon county court.

The shooting took place at the corner of Main and Pike streets and directly in front of the Farmers' National Bank. There was a large crowd day crod in town and the affray as witnessed by a large number of people. According to the reports a note against Arnold had been placed in Bailey's hands for collection. The two men met at the corner Main and Pike streets when it is said Bailey accosted Arnold and demanded the payment of the note. The men engaged in a heated argument in which it is alleged Arnold called Bailey a vile name, which the latter resented.

Several blows were exchanged and in the scuffle the combatants fell to the sidewalk. Several men who witnessed the fight made an effort to separate them and when they were gotten on their feet it is said Arnold succeeded in getting his hand upon his revolver, which he drew from his hip pocket. The muzzle was placed against the body of Bailey and two shots were fired.

The bullets from a 38 caliber revolver took effect in the right side a few inches below the arm-pit severing a vital organ. Bailey fell to the ground and expired in about a minute. His flesh was badly burned by powder.

The unfortunate victim was picked up and carried into a nearby store, where a hasty examination revealed the fact that death resulted almost instantly. After the shooting Arnold made no effort to escape, and was taken into custody by Chief of Police D. J. Hughes and Deputy Sheriff John Stewart. Both of the officers were within half a block of the scene of the killing when it occurred.

When locked up Arnold declined to discuss the affair. It is said that he had been drinking heavily during the day and was greatly under the influence of liquor when he fired the shot that took the life of Bailey.

Reports from Cynthiana last night and information gained from a number of people who were passing through Paris yesterday afternoon were to the effect that feeling against the slayer of Bailey is running very high and owing to the prominence of the dead man it is feared an attempt may be made to lynch the prisoner.

The remains of Bailey were viewed by Dr. Charles Swinford, Coroner of Harrison county, and an inquest was held the jury returning a verdict of death due to a gunshot wound fired by Newton Arnold. The body was taken to an undertaking establishment where it was prepared for burial.

Mr. Bailey was one of the most prominent men of Harrison county. He was aged about 42 years and for a number of years had been practicing at the Harrison bar. Last fall he made the race for Congress on the Republican ticket in the Ninth Congressional district but was defeated by Congressman Fields. He was one of the most prominent members of the Masonic order in Kentucky and was Past Grand Master and Past Grand High Priest of the Kentucky Grand Lodge.

Mr. Bailey was born at Colville, near the Bourbon-Harrison line. He was unmarried and is survived by his aged mother and three brothers.

Arnold, who is in jail, charged with the crime, tenanted the farm of Mrs. Nellie Highland on the Georgetown pike, near this city. Before moving to Bourbon, he lived at Lair Station, a few miles South of Cynthiana. He is married and has several children.

Paris Defeats Frankfort.

The girls basket ball team of the Paris High School defeated the team from the Frankfort school Friday night in a one-sided game by a score of 47 to 3. The local girls had their opponents outclassed at every stage of the game, and by fast and efficient work, were successful in keeping the score almost a shutout; the only points gained by the visitors being on three foul goals.

A Good Show To-Morrow Night.

"Baby Mine," one of Margaret Mayo's funny comedies will be presented by Wm. A. Brady to-morrow night at the Paris Grand. This is the real No. 1 company and is the same cast that will be seen at the Lyric Theatre in Cincinnati next week. Walter Jones, who takes the role of "Jimmy" has played the part over 450 times. This will no doubt be the best show that will visit Paris this season. If Paris people will patronize this class of attractions there is no reason why the Brady-Schubert syndicate will not let Paris have more of their superb productions. The prices are 25 cents to \$1.50.

ANNOUNCEMENTS.

FOR POLICE CHIEF.

We are authorized to announce J. C. Elgin, Sr., as a candidate for the Democratic nomination for Chief of Police of the city of Paris, subject to the Democratic primary, August 2, 1913.

We are authorized to announce W. F. Link as a candidate for Democratic nomination for Chief of Police of the city of Paris, subject to the Democratic primary August 2.

We are authorized to announce Ben Bishop as a candidate for the Democratic nomination for Chief of Police of the city of Paris, subject to the Democratic primary August 2.

FOR COUNTY CLERK.

We are authorized to announce J. Walter Payne as a candidate for the nomination for the office of County Clerk of Bourbon county, subject to the action of the Democratic primary August 2, 1913.

We are authorized to announce Mr. Pearce Paton as a candidate for the Democratic nomination for Clerk of Bourbon county, subject to the action of the Democratic primary August 2, 1913.

FOR POLICE JUDGE.

We are authorized to announce Thos. J. Holliday as a candidate for the nomination for the office of Police Judge of the city of Paris, subject to the action of the Democratic primary, August 2, 1913.

Reducing Cost.

Remove the tariff tax from meat and sugar to lessen the burden of taxation now being borne by the poor, and place a tax on the incomes of the rich who are not now bearing their due proportion of the government expense. This promises to be a feature of the legislative program of the Democratic 63rd Congress. Questions asked by witnesses before the Ways and Means Committee indicated that meat and sugar may go on the free list. An income tax to make up for the loss of revenue from the tariff on meats and sugar will soon come into existence as a result of the ratification of the income tax amendment to the constitution by the necessary three-fourths of the states.

This program should spell some reduction in the cost of living. The wholesale price of sugar in London, where there is no tax on sugar, averages two cents a pound less than in New York. The same thing is true of beef. The cables frequently report that American beef, on which the transportation has been paid across the Atlantic, is being sold on the block in London two cents a pound less than in the United States. This shows how these trusts have been taking advantage of home consumers who they have at their mercy because of the Payne-Aldrich tariff law.

Naturally the sugar trust and beef trust will not approve a policy of free sugar and free meat, but the sugar trust and the beef trust will not be in the saddle in Washington after March 4.

Mr. Meekton's Mean Idea.

"Why did you insist on having your wife join the Suffragette Club?" "Because," replied Mr. Meekton grimly, "I want to see that Suffragette Club get all the trouble that's coming to it."

Persons troubled with partial paralysis are often very much benefited by massaging the affected parts thoroughly when applying Chamberlain's Liniment. This liniment also relieves rheumatic pains. For sale by all dealers.

Concise Epistles.

Talleyrand could write a short letter. When a woman wrote to inform him of the death of her husband, he simply replied: "Chere Marquise, alas." And among official dispatches there is that of Sir George Walton, who, after an engagement with the Spanish fleet, wrote: "Sir: I have taken or destroyed all the Spanish ships as per margin. Yours, etc." And a later instance was the complaint of Cecil Rhodes that Dr. Jim had upset the apple cart.

As a Sales Agent.

The New York Journal which has from time to time carried in its columns valuable and instructive editorials regarding the country editor in a recent issue published the following:

We repeat that advertising in country newspapers, properly utilized, is the most valuable advertising in the world for its cost. We urge advertisers to take advantage of the opportunities offered by the country newspapers. We add, incidentally, that we don't own and never expect to own any country newspaper or to have an interest in a country newspaper.

A country editor with five hundred circulation or more for his daily or weekly can talk to five hundred good typical American families, all purchasers, all desirable customers.

Every publisher of a country newspaper should be, through his advertising columns, the trusted and valued agent and promoter of at least ten great industrial merchandising concerns.

The country publisher is alone able through his columns to sell everything that is for sale—from nails to pianos, from pills to automobiles. They buy paint and roofing and stoves and lamps—hundreds of commodities that the city dweller never buys.

There is not a community in the United States in every one of which ten or even fifty great American merchants and manufacturers would not gladly hire at high pay a competent, earnest representative able to talk every day to five hundred or more families.

And every business like, hardworking country publisher is such an agent, able every day to reach the consumers that nobody else can reach.

The country newspaper is the best of all advertising mediums. And the publisher's profits should be not less than six dollars annually for every copy of the paper sold.

Little by little the advertisers will come to learn the value of the country newspaper and very rapidly, let us hope the country editors will come to learn the value of which they have for sale and will demand and get their share of the national prosperity, acting as national industrial and commercial representatives, and not merely as the local mouthpieces of local merchants barely able to support themselves.

The publishers that really protect the people—the hard working owners and editors of the fifteen thousand or more country dailies and weeklies—must unite to protect themselves and get their share of national prosperity.

They must free themselves from the idea that the country editor is the private property of the local druggist, groceryman, butcher and hardware dealer.

They must give good and faithful service to their local business men, and at the same time good and faithful service to the great mass of so called foreign advertisers. Thus their prosperity will be doubled and quadrupled and their capacity for usefulness accordingly.

The country editor with a thousand circulation can make himself worth to the community at least six thousand dollars a year. He can make his paper earn that if he chooses to do it.

He must be his own master, not ruled by local merchants or politicians—recognizing only his readers as clients, customers, advisers and equals.

Lloyd's Great Work.

Hon. James T. Lloyd has let it be known among his friends that he will not stand for re-election to the chairmanship of the National Democratic Congressional Committee. Mr. Lloyd has served as chairman of this important committee six years, through three Congressional elections, which is longer than any Democrat was ever honored with the place.

When Mr. Lloyd, who comes from the first Missouri district and has long been one of the Democratic leaders of the house, first took hold of the chairmanship of the Congressional Committee the Republicans were in power in both branches of Congress and seemed likely to be for several years to come. Mr. Lloyd inaugurated a plan of close co-operation with Democratic candidates for Congress that was more systematic and effective than any policy that has ever been worked out before. Then he built up one of the largest Democratic news syndicates in the country.

Mr. Lloyd felt the people were not getting the Washington news from the Democratic viewpoint, and he determined to supply it to them through the country press, not only during campaigns but at all the time. Ever since Mr. Lloyd has been chairman of the committee the country Democratic newspapers have been furnished with a weekly Washington letter of Democratic news. The publication of these letters has been of the greatest help to the Congressional candidates. Mr. Lloyd also originated a statistical bureau to gather data for the newspaper letters as well as the Congressional candidates. Mr. Lloyd has devoted much hard work to the cause and feels that the time has come now that the Democrats are in the ascendancy for some good man to step in and take his place.

Are You Blue and Worried?

Nervous? Some of the time really ill? Catch cold easily and frequently suffer from biliousness or headache? The reason is that your system does not rid itself of the poisons in the blood; just as impossible as it is for the grate of a stove to rid itself of clinkers. The waste does to us exactly what the clinkers do to the stove; make the fires burn low until enough clinkers have accumulated and then prevent its burning at all. Your liver is sluggish—you are dull and heavy—sleep does not rest, nor is food appetizing. In this condition illness develops. Doctor Pierce's Golden Medical Discovery eradicates the poisons from the body—a glyceric alterative extract made from bloodroot, golden seal and mandrake root, stone and queen's root, without the use of alcohol. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.

Mrs. Blake.

Mrs. BENJ. BLAKE, of Port Dover, Ont., Box 36, writes: "I have been a great sufferer for years from throat trouble, catarrh, indigestion, female troubles, bloating, constipation and nervousness—at times I would be in bed, then able to be up again. Was under many different doctors' care, and would get better for a little while, then I would go down with chronic inflammation all through me. For nineteen years I had this poison in my blood. After trying nearly everything I got worse. I read in The People's Common Sense Medical Adviser of Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy. I have taken the 'Golden Medical Discovery' and 'Pleasant Pellets,' and have used five bottles of Dr. Sage's Catarrh Remedy. I am now able to do my work and walk with pleasure. I feel like a new woman. I enjoy everything around me and thank God for letting me live long enough to find something that made me well again."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

THAT LOVELY FROCK

By LUCILE CAMPBELL.

Thursday morning Louise Erwin dropped in on her way downtown and told me that she was going to try on a frock that she had seen at one of the stores.

"I've about made up my mind to buy it, if it is still there," she said, "for it is very stylish and pretty and is a good bargain besides. It is only about half what it was earlier in the season when I first saw it and I think it will be becoming to me."

"How would you like the benefit of my advice," I asked, laughingly. "I've a notion to go with you and give you an expert opinion."

"That's very good of you," said Louise.

So, an hour later, Louise stood before me with a childishly pleased and expectant look on her face. Although she is two years older than I, Louise often seems ridiculously young and inexperienced.

"Well, what do you think of it?" she asked, glancing into a long mirror complacently.

"It's quite pretty," I replied, "but aren't you afraid that chiffon tunic will be quite out of style next fall? That sort of thing has been worn so much this winter that probably it will be dropped altogether."

"You know I don't try to keep up with the fashions," said Louise. "If I can get something that is pretty and becoming I don't care whether it's the latest thing or not."

"Well, of course, if you don't mind being a back number," I began.

"This is the latest design," interposed the saleswoman, "and it will be good style for as long as any one would wish to wear it."

"But my friend wears her things longer than most persons," I explained, "and I don't like to see her get something that isn't especially becoming."

"Why, don't you think I look well in this gown?" Louise asked, rather sharply. She appeared to be vexed because I did not rave over the gown.

"Well, you know, dear, an overdress effect like that is apt to make a person look rather stout," I explained. "I think one should be particularly careful not to wear anything that adds to the size. Still, if you like it and if you don't mind looking rather large, get it by all means."

"I certainly don't want it if I'm going to look like a mountain in it," Louise began to take off the frock very crossly. "I suppose you haven't anything else that would suit me?" she turned to the saleswoman.

"Nothing at this price that is nearly so beautiful. You see, this is one of our imported models. I don't understand how it happened to be marked so low. I can show you something less dressy."

"No, thank you, I want a really handsome costume," said Louise, looking regretfully at the soft folds of silk and chiffon. Then as we left the store she asked me: "What are you going to wear at our Dix Amies reception Saturday night?"

"Oh, I don't know yet," I replied. "I usually wait till the last moment to decide."

"I had thought of wearing that gown. I do wish it had been all right for me."

"It's too bad that you are disappointed," I said, sympathetically. "But surely there's no occasion for any special dressing at our Dix Amies reception. You will look nice in any of your pretty little frocks."

Saturday evening I was taking off my wraps at the reception when Louise came toward me in a nun-like gown of gray.

"You see," she said, "I took your hint to dress plainly and—"

Then, looking at me in astonishment, she exclaimed, "Why, Lucile, what have you got on? You don't mean to say that you bought that lovely frock you wouldn't let me get!"

"I laughed gently. "You were a free agent, Louise," I replied, "and as you decided against the frock it occurred to me that perhaps I could use it, so I went back to the store yesterday and found that it fitted me perfectly. Then I thought I might as well wear it tonight."

"Weren't you afraid of looking stout in it?" she asked in a really unpleasant tone.

"Oh, no, I have no reason to worry about stoutness," I returned merrily, for I always try to overlook Louise's little exhibitions of temper. The poor girl has such an unfortunate disposition.

Carl Bates and Arthur Knight both complimented me upon my appearance. It is always worth one's while to dress well.

Lacking.

An old Englishwoman, who was extremely stout, was making vain efforts to enter the rear door of an omnibus. The amused driver leaned over good naturedly, and said in a confidential tone:

"Try sideways, mother; try sideways!"

The old woman looked up breathlessly, and replied:

"Why, bless ye, James, I ain't got no sideways."—Youth's Companion.

Might Have Been Worse.

Gen. Daniel E. Sickles, on the occasion of his ninety-second birthday, said of contentment:

"When an old man sits down and dreams of what he might have been, there's a good deal more contentment in looking down than up."

POWER!

Have you given enough thought to the electric power proposition to **know** whether it can help you?

The man who said "time is money" stated a great truth.

For those requiring only a moderate amount of mechanical power, there is no substitute which even approaches electric power in economy, efficiency and flexibility.

A small motor on a muscle driven machine means increase of the output from two to three times.

The gasoline engine cannot successfully compete in operating cost, reliability or convenience with the electric motor.

Why not go a little further into the matter and convince yourself that these statements are correct.

We will undertake to demonstrate that we are right, if you will indicate that you are willing to listen.

Device to Frighten Baboons.
A novel method of trying to get rid of the baboon nuisance in the Graef-reinet district, Cape Colony, was recently put into operation by a farmer. This man conceived the idea of getting rid of the nuisance by capturing a full-grown male baboon, dressing him in all the colors of the rainbow, putting a sheep-bell round his neck, and turning him loose to join the troop to which he belongs. The farmer believes that by so doing there will be no baboons seen in his neighborhood for a good many years.

Never Too Far.
We need not be afraid that we shall go too far in the walk of active love. Is no danger that any of us will ever go too far in the walk of active love. There is no likelihood that any of us will become too bountiful, too kind, too helpful to his neighbor.—J. C. Hare.

Dentists Elect Officers.

At the meeting of the Blue Grass Dental Society held in Lexington, Friday night, the following officers were elected for the ensuing year: President, Dr. Best, Cynthiana; Vice President, Dr. Walter Mathews, Lexington; Secretary, Dr. Raymond McMillan, Lexington; Treasurer, Dr. Braugh, Lexington. Among those who attended the meeting was Dr. M. H. Dailey, of this city.

Compliment to Mr. Talbott.

The Frankfort State Journal pays the following high compliment to Mr. T. Hart Talbott, of this city.

"Thomas Hart Talbott, who has been chosen by Gov. McCreary to succeed Major Deingerfield as a member of the State Racing Commission, is a representative Kentucky turfman, a man of standing, and a man who knows 'the game' from alpha to omega. "The work of the State Racing Commission has amply vindicated the institution. It has had an elevating effect upon the Kentucky turf and its good influence has been timely. That Mr. Talbott will be in sympathy with the spirit that the commission has shown is beyond doubt. "And so long as the turf in Kentucky is under proper stewardship, 'the sport of Kings' will remain royal sport, royally patronized."

G. W. BOWEN SUCCEUMBS

Ex-Confederate Soldier, Former Sheriff, Horseman and Farmer Dies at a Ripe Age

WAS BORN IN BOURBON

Prominent Distiller for Years and Was Once a Wealthy Land Owner

Mr. George W. Bowen, ex-Confederate soldier, former Sheriff of Bourbon county, and for years one of the foremost figures in the farming and distilling industries of the county, died at the home of his daughter, Mrs. Calla Keller, on Fourth Street, Thursday morning, following a protracted illness of a complication of diseases.

Mr. Bowen had been in feeble health for several months and for the past two weeks his condition had been regarded as critical. His family and friends entertained little hope for his recovery and since Saturday his demise has been momentarily expected. Everything known to medical science was employed to relieve his suffering, which, coupled with his remarkable constitution, prolonged his life.

Mr. Bowen, who was in his eighty-fifth year, was the eldest son of Benjamin and Mary Current Bowen. His parents were natives of Bourbon county and he was born near Ruddles Mills, in Bourbon county, on October 18, 1828. He was educated in the district schools at Ruddles Mills, and remained with his father until he had grown to manhood.

On March 28, 1852 he was, united in marriage to Miss Lucy B. Wyatt, daughter of Fleming and Martha Wyatt, residing near Ruddles Mills, and a sister of Mr. George Wyatt, of near Paris. His wife preceded him to the grave a number of years.

In the same year Mr. Bowen engaged in the mercantile business in Ruddles Mills which he continued most successfully for 4 years when he fitted up and operated the Abe Spears cotton and woolen factory about one mile from Kiser station on Stoner creek. In connection with this he operated a flouring mill and being very successful in business amassed a considerable fortune.

The woolen mill was later converted into a distillery which he operated for a number of years, making the famous Bowen copper whiskey which had a wide reputation the country over.

At the outbreak of the Civil war, Mr. Bowen espoused the cause of the South, and answering the call for volunteers, enlisted in the Confederate army in the spring of 1862. On entering the army he was given a commission of first Lieutenant in Company C of the Fifth Kentucky Cavalry, serving in the regiment of Col. Howard Smith, and in the Brigade of Gen. Abe Buford, until transferred to the command of Gen. John H. Morgan.

He won the reputation as a fearless officer by his gallantry in many engagements and was later promoted to the position of Captain. He participated in all of the principal engagements in which the command of Gen. Morgan fought, and in July, 1863, was taken a prisoner by the Union troops at the memorable battle at Buington's Island, Ohio, when the gallant band of cavalymen under the intrepid leader invaded the North.

With his brother officers, Mr. Bowen was sent to Johnson's Island, where he was confined in prison for about four weeks, when he was transferred to Allegheny City, Pa., and imprisoned with 115 others in the State Penitentiary, remaining in confinement for about eight months. The ranking officers, from Lieutenant up, were ordered to Camp Chase, Ohio, where Mr. Bowen was confined for six months, when he was released through the influence of friends.

Returning home at the close of the war, Mr. Bowen again resumed business activities, and by thrift and energy acquired valuable land estates, at one time having in his possession 670 acres of fine bluegrass land located near Shawhan. Much of his time was devoted to the raising of thoroughbred horses and he owned fully 80 head of high class runners. He made a number of sales, among the most notable being that of Runnymede, 2-year-old, bred on his farm, which in 1881 sold for \$10,000; Wallenstein, \$9,000; Quinto and Elias Lawrence, the two for \$5,000.

In 1875, Mr. Bowen engaged in the hardware business in Paris, under the firm name of Ford & Bowen, and a few years following met with reverses which swept away the majority of his estate.

Mr. Bowen occupied the handsome residence on the Cynthiana pike about one mile South of Shawhan, which was designed by himself and built according to his plans. The place was later purchased by the father of Messrs. John and Robert Larue who have since occupied it, together with a large acreage of the land which was owned by Mr. Bowen.

For a number of years Mr. Bowen continued in the capacity of manager of the distillery at Kiser town which he formerly owned and which had been acquired by Cincinnati capitalists.

In 1897 he moved to Paris and after being here a short time was elected to the office of sheriff of Bourbon county, holding the position for four years when he was succeeded by Mr. W. W. Mitchell.

During his late years he has lived in retirement, residing with his daughter, Mrs. Keller, who with the other members of the family contributed to his every need during his declining years.

He is survived by three daughters, Mrs. Calla Keller and Mrs. A. H. Keller, of Paris and Mrs. Arthur Newsum, of Dallas, Texas, who arrived at the bedside of her father Sunday night only a few hours before his sufferings were relieved by death. Three sisters, Mrs. Harriett Duval, of near this city, Mrs. James Tate, of Shawhan, and Mrs. Mary C. Bell, of Lexington, also survive.

The funeral services will be held at his late residence on Fourth street, with services conducted by Rev. W. E. Ellis, of the Christian church. The interment will take place in the

Dates Claimed for Bourbon Fair.

The directors of the Bourbon County Agricultural Society met in the county court room at the court house Friday afternoon at 2 o'clock, pursuant to a call of the President, and after claiming dates for the holding of the sixty-sixth annual exhibition of the Society, proceeded with the selection of directors to fill vacancies in the board.

The meeting was presided over by President Jos. M. Hall, with the newly-elected Secretary, Mr. John Wiggins, present, and the following new members of the board were elected: W. W. Haley, John T. Collins, V. W. Ferguson, Peale Collier, W. D. McIntyre and Charlton Clay.

All of the new members of the board elected are public spirited citizens, and will add greatly to the probable success of the next fair, which, it is predicted, will be the best the Society has ever held. Secretary Wiggins, who has taken the reins of office, states that every effort will be made to secure the highest class attractions for the fair, and that they will be contracted for at the earliest possible date. The premium list for the coming fair will be practically the same as that of former years, with perhaps a number of additions.

The Society claimed the dates for the first week in September, and the fair will be held from the first to sixth inclusive. Recently it was reported that the Society would make an effort to have the dates changed to earlier in the summer, as the late seasons of recent years have had the effect of reducing the attendance, but from the fact that the fair which for more than half a century has been in existence has in previous years been held the first week in September it was deemed advisable to continue the exhibition without making this change.

"Say, Chimpie, wot's a suffragette?" "A suffragette's a woman who wants a chance to knock the stuffing out of the ballot-box."—Judge.

Local Fans Must Display Some Interest.

Unless there is some disposition on the part of the base ball fans of this city within the next few weeks looking to the revival of interest in the game there will be no base ball club in Paris during the coming season.

This is pretty straight dope and it is our advice to the admirers of the game to get busy at the earliest possible date and start a campaign for funds with which to sustain the team during practice season and until it can be made self-sustaining by the receipt at the gate.

As everyone knows, or should know, the club is at present heavily in debt. Last year was very disastrous from a financial standpoint, but it is well known fact that baseball failed to prove profitable in many cities. Paris was not an exception and lost money with a score of others.

No doubt this season will show a decided improvement in the conditions and with a proper start our team should prove a paying proposition from the opening game.

It is the general opinion among the fans that there will be a club and some are very enthusiastic but the majority are content to trust to providence and express the hope that Paris will be represented in the Blue Grass this year.

This is not the proper spirit to display at such a critical time. What the team needs is good substantial supporters, more so now than ever before and from the fact that there is a certain wave of opposition now on foot, the efforts should be stronger than ever.

According to President Bacon he has communicated with a number of players who are anxious for a berth on the local team. About Feb. 1 contracts will be mailed out to all of the men. Now it is up to the fans to take a hand in the affair and make a greater success of the team this year than ever. It would be a wise move to get the ball rolling as soon as possible that there may be no drawbacks at the beginning and when the season is fairly launched it is safe to predict the team will take care of itself.

The annual meeting of the stockholders of the Maysville baseball club resulted in the election of James F. Summers as president and secretary and John Leonard treasurer. The stockholders endorsed Col. Tom Russell for president of the Blue Grass League.

Ed. Weinberg, first baseman of the Battle Creek, Mich., club has been sold to the Louisville Club of the American Association. Weinberg batted .338 last season. He was developed by Edward McKernan, former manager of the Paris team, who piloted the Battle Creek club last season.

MATRIMONIAL.

KENDRICK—WILLS.

The marriage of Miss Rose Kendrick to Mr. R. H. Wills was quietly celebrated Thursday at the home of the officiating minister, Rev. I. J. Spencer, in Lexington. Both are from this city, and the news of the wedding came as a surprise to their many friends here. The bride, who came here several years ago from Tazewell, Virginia, has for some time held a position in the fitting department of the firm of Frank & Co., while Mr. Wills, who came here from Winchester, holds a responsible position with the Louisville and Nashville railroad, being employed in the capacity of roundhouse superintendent.

The couple went to Lexington Thursday morning without telling anyone of their intentions. After a short honeymoon trip Mr. and Mrs. Wills will return to Paris where they will go to housekeeping.

To Practice Law In Lexington.

Mr. A. P. Thomason, of Bourbon county, last week made application to the Fayette County Circuit Court for permission to practice law. The application was accompanied by an endorsement from Judge Denis Dundon, of this city. Mr. Thomason is a brother of Mr. W. B. Thomason, a prominent farmer of Little Rock, this county, and before taking up the study of law was engaged in farming. He has been reading law in the office of the firm of Franklin & Talbott, in Lexington. He matriculated at Transylvania University, but after the suspension of the law department in the institution entered State University.

Deputy Fire Marshal Returns.

Mr. W. R. Hukill, assistant State fire marshal, returned Sunday night after a trip of about two weeks through the Southern part of the State acting under the instruction of Fire Marshal Bosworth and inspecting the conditions in several cities. He spent several days in Henderson attending to the duties imposed upon him and had intended making a trip to Owensboro, but was prevented from doing so by the high water, which prevails in that section.

Cantrill Names for Appointment

Fred S. Wash, of Midway, and T. Field Harris, of Versailles, were recommended by representative J. C. Cantrill Friday to be principal and alternate, respectively, for appointment from the Seventh Kentucky District to the United States Naval Academy at Annapolis.

Wash and Harris entered a competitive examination at Georgetown University for appointment to Annapolis and made a remarkably close race for the principalship. Wash made a record of eighty-two and Harris eighty-one. Prof. Rhotan, professor of mathematics in Georgetown University, found it necessary to go over the examination papers several times in an effort to be fair. Mr. Cantrill paid the expense of the examination.

Barely First American

Appealing to the House to pass the Senate bill for a two million dollar Lincoln memorial structure in Washington, former Speaker Cannon Friday declared that it was a profanation of Lincoln's name to use it in connection with the promotion of a road project.

"There are certain great characters that will dwell in the history of the country," said Mr. Cannon, "first, and barely first, Washington; second, Lincoln; third, Lee, a great man, a great General who did his duty from his patriotic standpoint; fourth, Jefferson Davis, a great man, performing a great service for the republic as he saw his duty."

"A hundred years from now the ordinary readers will recall this period and there will be in the mouths of the school children the names of Washington, Lincoln, Grant, Lee and Jefferson Davis. But you will have to search the Congressional Record to find out about the balance of us who have been Speakers, members of Congress in the House and Senate. Take Mr. Cannon for instance. I have been speaker for eight years. They will say 'It does appear that there was a man from Illinois named Cannon, but I don't know much about him; there was another man named Cannon in Congress from Utah, and it was said that he had seventeen wives.'"

The Memorial bill will be taken up in the House next Wednesday.

Asks That Hemp Duty Be Retained.

Hon. Claude M. Thomas, of this city, State Senator from the Fourteenth district, returned Sunday night from Washington, D. C., where he went to file a brief with the Ways and Means Committee of the House of Representatives asking that the duty on hemp be retained.

Mr. Thomas, who in addition to being a practicing lawyer, is actively engaged in farming, and is vitally interested in the hemp industry of Kentucky, being a large producer, appealed in person to the Committee, and also filed a brief from the Kentucky hemp growers.

Both of the briefs are exhaustive, touching upon almost every point and explaining the hemp situation thoroughly. Each of the briefs carry with them the request that the committee retain the present duty of \$22.50 per ton on hemp. It is practically assured that there will be no reduction in the duty, and from the fact that the importation of hemp to this country equals the home production, nearly all of which is raised in Kentucky, is sufficient proof that the rate is not protection, but is on a revenue basis. Congressman Campbell Cantrill, from the Seventh district, conferred with the Democratic Ways and Means Committee, and received the assurance that there was no disposition on their part to reduce the present rate of duty.

Tona Vita Overcomes the Trouble in a Few Weeks Time

There is a remedy that is absolutely certain to build up those suffering from a run down condition. This remedy is considered the most successful medicine ever sold to the public in this country. It is called Tona Vita and is first becoming a national tonic, endorsed by physicians everywhere.

If you are debilitated, tire easily, have little strength or ambition and are nervous and depressed get a bottle of Tona Vita at once. You will be delighted to feel your health strength returning in a few days' time. If you have lost flesh, note your weight before taking and then get on the scales a week later. You will be astonished. Tona Vita is sold by Chas. E. Butler & Co.

Speak in Truth.
Speak not at all, in any way, till you have somewhat to speak; care not for the reward of your speaking, but simply and with undivided mind for the truth of your speaking.—Carlyle.

When you want a reliable medicine for cough or cold take Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers.

If the Sequence Is Maintained.
The St. Louis belle who uses her bracelet on her ankle naturally arouses curiosity as to where she would wear an engagement ring.—Washington Post.

Meaningless.
"Your father called me a timber wolf. What did he mean by that?" "Oh, that's just one of pa's political expressions. He used to live out west, you know, and nothing ever pleased him so much as to shoot a timber wolf before breakfast. Of course he didn't mean anything by it."

The Choice of a Husband.
Is too important a matter for a woman to be handicapped by weakness, bad blood or foul breath. Avoid these kill-hopes by taking Dr. King's New Life Pills. New strength, fine complexion, pure breath, cheerful spirits—things that win men—follow their use. Easy, safe, sure. 25c at Oberdorfer's.

The Farm from a Woman's Standpoint.

A writer in the current issue of Farm and Fireside says: "We are told that our farmers' wives are becoming insane from monotony and overwork, and that a farmer wears out three wives in a lifetime. I have lived my whole life in or very near rural districts and have a personal acquaintance with hundreds of country women in various parts of the country. I know personally of but two country women who have become insane; I also know the wife of a doctor, of a machinist, of a barber and of an undertaker and three unmarried women afflicted with the same malady, all residents of towns or cities. I know very few farmers having a third wife, and surely second wives are not unknown among business and professional men.

"There are cases of deplorable isolation on farms, just as there are of terrible destitution in the cities. But the greater part of our farm homes have neighbors or daily mail or the telephone, or all three."

Labor-Saving Device.
A piece of plate glass to lay over the polished surface of the dressing table is a modern fashion which preserves the wood from stains or scorch marks caused by spirit lamps and tongs, while the washing of toilet covers is avoided and dusting simplified.

Mail Carriers Will Fly.

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery for coughs and colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stickney Corner, Me. "after doctor's treatment and all other remedies had failed." For coughs, colds or any bronchial affection it is unequalled. Price 50 cents and \$1. Trial bottle free at Oberdorfer's.

Appealing Invitation.

Professor of Chemistry—"If anything should go wrong in this experiment we and the laboratory with us might be blown sky-high! Come closer, gentlemen, so that you may be better able to follow me."

Insect Bite Costs Leg.

A Boston man lost his leg from the bite of an insect two years before. To avert such calamities from stings and bites of insects use Bucklen's Arnica Salve promptly to kill the poison and prevent inflammation, swelling and pain. Heals burns, boils, ulcers, piles, eczema, cuts, bruises. Only 25 cents at Oberdorfer's.

If your children are subject to attacks of croup, watch for the first symptom, hoarseness. Give Chamberlain's Cough Remedy as soon as the child becomes hoarse and the attack may be warded off. For sale by all dealers.

Enough.

"An' me husband got into another foight an' kem home wit' a black eye. 'Tis too bad, so it is!" "Faith, it is. Wan'd think a married man 'd enough av it at home."—Life.

Sheriff's Sale

By virtue of Execution No. 1060 directed to me which issued from the Clerk's office of the Bourbon Circuit Court in favor of Eliza H. Johnson against Thomas C. Johnson, I will on

Monday, Feb. 3, 1913,

between the hours of 11 o'clock a. m., and 12 o'clock, noon, at the court house door in the city of Paris, Bourbon county, Kentucky, expose to public sale to the highest bidder the following property or so much thereof as may be necessary to satisfy plaintiff's debt, interests and costs, to wit:

The undivided one-half interest of Thomas C. Johnson, in

A certain house and lot of ground fronting 50 feet on Williams street in Paris, Ky., and extending back same width 145 feet to the line of Oliver Jackson and is the same property conveyed by M. A. Paton by deed recorded in deed book 84, page 110. Bourbon County Clerk's office, levied upon as the property of Thomas C. Johnson and sold subject to a mortgage of T. P. Wood for \$110 with interest from December 15, 1903, at the rate of 6 per cent per annum.

TERMS—Sale will be made on three months' time the purchaser to execute bond with approved surety payable to the undersigned. The amount to be raised on day of sale is \$328.79 and the cost of this action, \$51.98.

Witness my hand this 14th day of January, 1913.

A. S. THOMPSON
Sheriff of Bourbon County.

THEATRICAL.

Marjorie Cortland, who plays the part of the child-wife in the Margaret Mayo Comedy, "Baby Mine," which comes to the opera house January 29th, takes as much care to select handsome gowns as certain stars do to surround themselves with nobodies unlikely to eclipse them.

"It's a safe venture that there is not a woman who goes to see 'Baby Mine' that isn't literally filled with envy of these dainty things. Of course some allowance must be made for Miss Cortland. She's such a small morsel of humanity that a paper sack tied in with a blue ribbon would transform itself into a suggestion of daintiness and call forth the same ejaculations of 'Ohs' and 'Ahs'."

Still, these gowns that I speak of, although they have a pleasing simplicity in common with a paper sack, are very far from being in the same class. More than one among the fashionable dressmakers, it is safe to venture, have taken points from the pretty negligee with its lace flounces, or from the beguiling little second act frock, a dream in the palest and softest of blues, with lace flouncing at the foot and three deep tucks above.

In the first act, the gown is white cloth with patch pockets, purely ornamental, a section of deep plaits being inserted at the sides of the skirt below the hips and fitted in with a large yoke. A like ornament continues down the full length of the front. Three better suggestions for girls' frocks could not be found in search of the best establishments. There are few models for girls' dresses which are at the same time smart and appropriate, and Miss Cortland, although as Zoie she is a married woman, is nevertheless very much a girl.

STOCK, CROP AND FARM NOTES

—That Blue Grass land brings a good price was evidenced when Jefferson Davis Grover paid about \$250 per acre for the farm of Mrs. Mal Rankins Roberts located in Scott county on the Lexington and Georgetown pike. The tract of land consists of 56 acres. It is said that Mr. Grover intend to convert the farm into a stock farm. He is the owner of Groverland Stock Farm and has raised some of the best thoroughbreds in the country.

—We are receiving a carload of Percheron mares every two weeks, from one to four years old. Phone or write us.

—A deal involving the sale of ten million pounds of tobacco was closed last week at Owen when the sales committee of the American Society of Equity and the Home Warehouse Association sold that amount of the weed pooled with them to the American Tobacco Company and the Imperial. The price paid was the same as the Green River Association, and was \$3.89. This closes the sales of pooled tobacco in that district. The sale has to be ratified by a vote of the members of the organization.

Cincinnati Auto Show.

On Monday, February 4 at the hour of eight p. m. the Cincinnati Automobile Show will open doors for a continuous session covering full ten days, six of them devoted to the pleasure car section, the other four to that of the commercial vehicle.

Though all the shows held here previously have been emphatic successes the present one gives honest promise of new records in the way of attractive, original displays, from the fact that Cincinnati is now a part of the ten city circuit formed by the National Association of Manufacturers for the purpose of expediting the transfer from point to point of all the special models and designs gracing the floors of the wide sweeping exhibits in New York, Chicago and other large cities of the country.

One of these novelties for example, is to be a chassis, pearl white in coloring, and so constructed as to reveal to the eye every inner detail of operation. Decorative scheme of the show is again to be under charge of the William Beck and Sons Company, which is to begin its work promptly on February 1 and continue almost to the hour of opening, Monday, February 24. Color plan herein is to be of white and delicate green with particular attention to the cafe, which is to be done after the fashion of pergola and open space lawns.

Of exhibitors there are to be fifty-two in the pleasure car department and sixteen in that devoted to motor trucks.

Popular Sun Bath.

The sun bath is said to be so popular at present in Germany that in several cities one can buy a ticket for a sun bath just as in America one buys a ticket for a bath in the surf. The sun bath ticket entitles the holder to a room for disrobing, a bathing suit and a "place in the sun."

Mrs. A. R. Tabor, of Crider, Mo., had been troubled with sick headache for about five years, when she began taking Chamberlain's Tablets. She has taken two bottles of them and they have cured her. Sick headache is caused by a disordered stomach for which these tablets are especially intended. Try them, get well and stay well. Sold by all dealers.

Steering Committee.

Registry Clerk—"It is necessary for me to ask the mother of the bride if she has nothing to say before I proceed with the ceremony." Voice of Mother (in background)—"All I have to say is that if I hadn't had a good deal to say already they never would have landed here."

Honor Roll Paris City Schools. JANUARY REPORT.

The holidays affected the schools to some extent, as is usual, but the two weeks following brought the attendance up somewhat and gave an average daily attendance of 651 in the white school and 272 in the colored school.

The enrollment increased in both schools, making the total in the white 748, and colored 350, grand total 1098. Everything started off with bright prospects last Monday, the beginning of the second semester and many new pupils are enrolling.

Since the addition of a new High School teacher it is now possible to have the twice-a-year promotion provided for in the course of study and teachers are grading their pupils into "A" and "B" classes ready for promotions at the close of the year's work.

Good interest is everywhere manifest and a large honor roll is hereby submitted. One other feature which is especially commendable is that 450 white and 188 colored pupils rendered satisfactory deportment and 574 white and 267 colored pupils were neither absent nor tardy during the month.

MILLERSBURG ITEMS.

Miss Maude Day was the guest of her parents near Paris, last week.

Mr. Patrick, of Paintsville, is the guest of his daughter, at M. F. C.

Miss Lucille Dalzell, of Lexington, is the guest of her aunt, Mrs. Dennis McMahan.

Rev. J. D. Redd returned Friday after a few days' visit to friends at Paintsville.

Mr. Thos. Allen, of Sharpsburg, was the guest of his brother, Mr. J. G. Allen, Friday.

Mr. and Mrs. C. T. Darnell have returned after a ten days' sojourn at Dry Ridge Springs.

Mr. and Mrs. C. J. Wood, of Mt. Olivet, arrived Saturday as guests of Rev. and Mrs. J. D. Redd.

Mr. John Pierpont Auxier, Mayor and financial king of Judyville, was in Cincinnati on business Friday and Saturday.

Misses Blanton Collier and Annette Steele, of Cynthia, were guests of Miss Mary McDaniel from Friday until Monday.

The Ladies Aid Society of the Baptist church will hold a sale of edibles Saturday. The proceeds will go to the Massie Memorial Hospital at Paris.

While on this way to a Lexington hospital and about six miles north of Millersburg James B. Day, aged 65 years, a prominent horseman and tobacco grower of Poplar Plains, Flem-

ing county, died in the automobile in which he was being taken to Lexington at 3:45 Sunday afternoon. He was accompanied by Mr. John Hill and the family physician, Dr. John Mennish, who were with him when death came. For the past two or three days Mr. Day's condition has been very bad but not until Saturday night did his condition take a serious turn when it was decided that he should be taken to a Lexington hospital. The party left Mr. Day's home in the automobile about 12 o'clock on their journey and were hearing this city when death overcame the patient. The body was taken to the undertaking establishment of J. W. Mock to remain over night and it was taken back to Flemingsburg for burial Monday morning.

Miss Anna Conway left yesterday for a visit to relatives in Paris.

Mrs. Mollie Slack, of Sharpsburg arrived yesterday for a visit to her brother Mr. J. J. Peed.

Mr. and Mrs. Ed. Dorsey, of Carlisle, were the guests Sunday of Mr. and Mrs. Thomas McClintock.

Mr. Carlton Ball, of St. Louis, Mo., was the guest Sunday of his parents, Mr. and Mrs. A. C. Ball.

Rev. A. S. Venable was installed pastor of the Presbyterian church Sunday morning. The charges were delivered by Dr. Shive, of Paris, and Rev. Caldwell, of Washington, Ky.

Mr. and Mrs. T. D. Judy left Monday for Parker, Ind., where they were called on account of the death of Mr.

H. C. Vaught, father of Mr. K. R. Vaught, son-in-law of Mr. and Mrs. Judy.

Mr. W. F. Saunders and family left yesterday for a visit to relatives in Sharpsburg. They will return Wednesday.

Mrs. J. T. Judy, Miss Belle Taylor Judy and Mrs. J. B. Cray attended the funeral of Mrs. Eales in Cynthia Sunday.

AMUSEMENTS.

Coming to the Paris Grand, February 1st, with Miss Millie Beland, and an excellent company of artists in the great Western play, "A Western Girl," with concert band and orchestra. The play is built distinctly on comedy lines and there is almost continuous laughter from beginning to end. It is a well written comedy with an interesting plot and the story told is a happy blending of sunshine and shadows. During the action of the play many pleasing specialties are introduced and the little details in the stage settings are so perfect that the audience gradually enters into the spirit of the situation and forgets the theatre. The piece is handsomely staged with scenery all new and bright.

It is a genuine pleasure to note that "The Bohemian Girl" will be presented here shortly by the Aborn Opera Company. Organizations engaged in the presentation of the operas of the Balfe class deserve substantial support of all discriminating patrons of the theatre.

Very Human Wish.

Merta was five years old, and she had been told so many times that she was a big girl now and must be good that her very soul had sickened. "I don't want to be five years old any longer," she grumbled. "I'm tired of being five and good enough to kill you. I'd rather stay four and be just medium and have a good time."

Mrs. Ferguson's Will.

The last will and testament of Mrs. Maggie C. Ferguson was admitted to probate Wednesday in the Fayette County Court by Judge Percy J. Scott. According to the provisions of the document the Security Trust Company qualified as executor of the estate which is valued at \$60,000. The testatrix left two donations for religious purposes, the Central Christian Church, of Lexington, to be the annual beneficiary of the net income from the sum of \$2,000 to be known as "The Robert M. Ferguson Memorial Fund," and the Christian Women's Board of Mission's of the Christian Church at Indianapolis, is given the same sum and the proceeds resulting from the sale of her diamonds except as otherwise provided.

The court appointed W. F. Warren, G. S. Weeks and J. W. Porter appraisers of the estate.

Following is a copy of the will and codicil:

I, Maggie C. Ferguson, of Lexington, Ky., do make and publish this my last will and testament, hereby revoking every other will heretofore made by me.

"First—I wish all debts owed by me at my death and my funeral expenses paid as promptly as possible after my death. I direct my body to be buried in the Lexington cemetery beside the body of my husband, Robert M. Ferguson, and a head stone at my grave to be lettered, a duplicate of my husband, with name, 'Maggie C. Ferguson, wife of Robert M. Ferguson'.

"Second—I direct that my executor shall retain and hold in his hands as trustee, the sum of \$1,000 to be invested and reinvested as often as deemed proper by the trustee, and the net income to be used as required for the care of the tombstone and graves and the lot of my husband and myself in the Lexington cemetery, to be used for such repairs as may be necessary and in the planting of flowers and ornamenting the graves, under the direction of the superintendent of the cemetery or such other person as the trustee shall employ for that purpose.

"Third—I direct that my executor shall retain and hold in his hands as trustee \$2,000 to be invested and reinvested as often as deemed proper by the trustee, and the net income to be paid to Central Christian Church, Lexington, Ky., to be used as needed for repairing and furnishing its church edifice. I make this bequest as a memorial to my husband, and I request that the fund be known in the church as the 'Robert M. Ferguson Memorial Fund'.

"Fourth—I direct that my trustee pay to the Christian Women's Board of Missions, a general society of the Christian Church, now located in Indianapolis, Ind., \$2,000 to be used by said board for any purpose they see proper.

"Fifth—I direct that my trustee give to my niece, Mrs. James H. Thompson (nee Tillie Ferguson), my solitaire diamond ring, and to the Christian Women's Board of Missions (mentioned in paragraph fourth) all of the remaining diamonds in my possession at the time of my death, the said board having the right to sell said diamonds and to use the money accruing from said sale for any purpose it may deem proper.

"Sixth—I direct that my niece, Mrs. James H. Thompson, dispose of my wearing apparel, room furnishings and bric-a-brac as she sees proper, my preference regarding them being set forth in memorandum left with this will.

"Seventh—I direct that my executor divide the residue of my estate equally among kindred and those of my husband, as follows:

"To Mrs. Annie M. Pierce, Denton, Texas, one share.

"To H. C. Clay, Caldwell, Idaho, one share.

"To B. F. Clay, Caldwell, Idaho, one share.

"To S. G. Clay, Kansas City, Mo., one share.

"To C. E. Clay, Richmond, Ky., one share.

"To the heirs of W. K. Clay, deceased, one share.

"To the heirs of William Ferguson, deceased, one share.

"To the heirs of Louis D. Ferguson, deceased, one share.

"To the heirs of Noah Ferguson, deceased, one share.

"To the heirs of Mary E. Brownell, deceased, one share.

"To Mrs. Lucy E. Campbell, Berlin, Germany, one share.

"Eighth—If any of the persons named as residuary legatees herein shall die before my death, their issue, if any, shall take the portion that the parent would have taken, if living. If any of the persons named residuary legatees shall die without issue before I do, then the portion herein bequeathed to such legatee shall fall back into the residue and be divided among other residuary legatees in the same ratio as above directed.

"Ninth—If any of the legatees named in this will shall take any legal steps in the courts to set aside this will or to defeat any part of it, I revoke the legacy to such person or persons and all of the interest of such person or persons hereunder shall pass into the residue and be disposed of as above provided.

"Tenth—I nominate and appoint the Security Trust Company, of Lexington, Ky., my executor and as such I empower, sell, convey and dispose of any or all of the stocks and bonds owned by

"I desire William Adams & Son to make a granite top to my vase in cemetery lot, as I directed last summer, under the supervision of Mrs. James H. Thompson. When placed upon this base I want it sealed. I request none of my personality to be sold. My niece above mentioned, Mrs. James H. Thompson, will dispose of them as I have requested. I want my brother, B. F. Clay, to have my mother's portrait and father's picture, as he asked for them.

Kitten in Revolt.

A remarkable case of filial ingratitude on the part of a black kitten has occurred in Liverpool, England. A few days ago a customer threw a piece of meat between them, which was secured by the mother cat. To the surprise of everybody, the kitten sprang at his mother and drove her out of the house. Since then he has mounted guard over the doors to prevent her return, and, although she has attempted time after time to return to her old home, her stern, unbending, and ungrateful son bars the way.

Mrs. A. R. Tabor, of Crider, Mo., had been troubled with sick headache for about five years, when she began taking Chamberlain's Tablets. She has taken two bottles of them and they have cured her. Sick headache is caused by a disordered stomach for which these tablets are especially indicated. Try them, get well and stay well. Sold by all dealers.

Ocean Denizens.

According to Sir John Murray, one of the greatest authorities on oceanography, the bottom is a desert of pitch-black darkness, penetrating cold, and eternal silence. Worms, sea puddings, and coral polyps sluggishly crawl or sway in the almost currentless depths, and only two species of fish, both of them, with much head and little body, have been found deeper than a mile and a quarter down.

Here is a remedy that will cure your cold. Why waste time and money experimenting when you can get a preparation that has won a world wide reputation by its cures of this disease and can always be depended upon. It is known everywhere as Chamberlain's Cough Remedy, and is a medicine of real merit. For sale by all dealers.

Dust Laying in England.

The highway department of the city of Leeds, England, has recently treated portions of a macadam roadway with granular calcium chloride to combat the dust. Solutions of the latter had previously been tried at greater cost and without such satisfactory results. The road is first well swept and two applications of the chloride are made on succeeding evenings of about one-half pound per yard.

Simplify the Problem of Living. I do believe in simplicity. It is astonishing as well as sad, how many trivial affairs even the wisest man thinks he must attend to in a day; how singular an affair he thinks he must omit. When the mathematician would solve a difficult problem, he first frees the equation of all incumbrances, and reduces it to its simplest terms. So simplify the problem of life, distinguish the necessary and the real—Thoreau "Letters."

Origin of Famous Phrase.

"Write like an angel" is a corruption of Angelo. Among the Greeks who emigrated to Italy and afterwards to France in the reign of Francis I was one Angelo Verjecto, whose writing excited the admiration of the learned, so that his name became synonymous for the beautiful writing and gave birth to the phrase, to "write like an angel."
